The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force :

## Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

## Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

(Signed) CLARENDON.

Foreign Office, May 10, 1855.

WHEREAS it has been represented to us that it is expedient to exempt, in certain cases, Officers who have been, or shall hereafter be, promoted for service in the Field from the condition in our Royal Warrant of the 14th October, 1858, which requires six years' service in the rank of Regimental Field Officer to entitle an Officer to the unattached pay of a General Officer; it is our will and pleasure that when Captains of our Army who have been, or shall hereafter be, promoted to the rank of Field Officer by Brevet for service in the Field shall continue to serve uninterruptedly, either Regimentally or on the Staff, from the date of their promotion by Brevet to the date of their obtaining the rank of Major General, they shall be entitled to the unattached pay of that rank, and be placed on the fixed establishment of General Officers, notwithstanding they may not have served six years with the regimental rank of Field Officer with a Regiment, or in one of the situations specified in clause 8 of the Warrant of the 14th October, 1858, as required by clause 27 of the said Warrant.

It is our further will and pleasure that the aforesaid Officers shall also be exempt from the six years' qualifying service as Regimental Field Officers, and be entitled to succeed to the fixed establishment of General Officers if, after obtaining the rank of Colonel, they shall be obliged to go on half pay in consequence of ill health contracted in and by the Service, as established by a Medical Board, or in consequence of wounds received in action.

CIRCULAR MEMORANDUM, No. 644.

East Kent, 65.

HOME.

*War Office, 10th November, 1860.*

MR. SECRETARY HERBERT has directed that the Circular Letter of 14th June, 1860 (T.—Militia, 161), to Officers commanding Militia Corps should be circulated for the information and guidance of the Army generally. A copy is accordingly annexed.

DE GREY AND RIPON.

CIRCULAR, No. 644—continued.

T.—Militia, 161.

War Office, 14th June, 1860.

SIR,—I HAVE had under my consideration the conditions on which men belonging to the Disembodied Militia have hitherto been permitted to transfer their services to Her Majesty's Regular Forces. It is most important to the efficiency of the Militia as a Reserve Force upon which dependence can be placed in case of national danger, that it should be raised from among men of settled habits and fixed residence within the county to which the Regiment belongs.

A Militia Regiment, however short of its quota, which can annually muster as effectives for training the men who have been enrolled, is far more efficient, and contributes more to the security of the State, than one which, having a large force upon paper, can neither produce nor account for them subsequently. Militia Officers, therefore, should not seek to attract temporarily to their ranks men who would otherwise enlist into Her Majesty's Regular Forces, of whose services the Army is thus deprived, and who, by leaving the Militia for the Line after receiving the Militia Bounty, disorganize the Militia, while they enter the Army at an increased and unnecessary expense to the public.

The regulations at present in force for carrying on volunteering from the Militia to the Line will therefore be modified in the following manner:—

Stringent orders have been issued prohibiting any Line or other Recruiting Parties from attempting in future in any way to induce Militiamen to leave their respective Regiments in order to enlist in Her Majesty's Regular Forces or Marines, Militiamen having no more right to do so than men of one Line Regiment have to enlist in another without the consent of their Commanding Officer. Such a proceeding on their part amounts to desertion, and will expose them to the penalties attached to that offence, a liability which every opportunity should be taken to make known. Volunteers, therefore, who may be anxious to enlist in the Regular Army, should apply for permission to their Commanding Officers, who will exercise their discretion as to granting their request, bearing in mind the policy of granting conditional releases to men who are bent on enlisting, and over whose movements, except during the one month's training, they have little or no practical control. In such cases I shall be prepared, on your recommendation, to give you a covering authority for the release of any such men to whom you may think it right to grant the indulgence. But it is to be clearly understood that in all such cases the men will be required to refund 18s. 6d. to cover the bounty and other expenses incurred on their enrolment; also any balance of bounty they may have received in advance on account of their first engagement, if re-attested for a second. The Act under which the temporary embodiment of the Militia has been sanctioned will expire on the 25th March next, and the entire Force will then revert to its normal and constitutional state as a Reserve Force, to be annually trained, but not to be embodied except in time of national danger; and there is every reason to hope that, by a careful observance on the part of the Government of the principles on which the Militia Force is founded, the disorganization of the Regiments of which it is composed will be prevented, and Commanding Officers will be enabled to reap the fruits of their unremitting exertions to maintain the efficiency of their Corps.

I have the honor to be, Sir, your obedient Servant,

The Officer commanding — Regiment  
of Militia.

MUCH delay and inconvenience having taken place in some instances in the supply of Implements, Stores and Furniture for Commissariat Service required through Military Storekeepers at Foreign Stations, in consequence of the very defective manner in which articles are described in demands, Mr. Secretary Herbert desires that attention may be paid to the absolute necessity of a full description being given of all Stores demanded, more especially of those of an unusual description, or which are new to the Service, drawings and dimensions being annexed in every case where necessary.

Requisitions should be always made out according to the annexed form,\* the original being sent to the Military Store Branch on the spot, to be included in the general requisition of the Military Storekeeper, and the duplicate forwarded to this Office, as laid down in Article 124 of the Commissariat Regulations.

The Stores for the Transport Establishments may, however, be included in the demand for other Stores, and not kept separately as contemplated in the Article above quoted.

SIR,—WITH reference to Article 497 of the Commissariat Regulations, which states that the Regimental Ration Return is to show the strength and the rations claimed every three days, according to the prescribed Form No. 14 (W. O. F. 903), I am

\* W. O. Form 1,650.

## CIRCULAR, No. 652—continued.

directed by Mr. Secretary Herbert to acquaint you that it has been deemed advisable, with the view of saving time and labour in the preparation and examination of this return, to adopt the accompanying new forms,\* showing the regimental strength each day and the issues for a month, and to dispense with the nominal returns of rations issued to families of Officers and Soldiers required by Article 514 of the Commissariat Regulations.

It is considered that the forms as now prepared will be found applicable both for Garrison and for Field Service, subject to any modifications which experience may prove to be advantageous; and they are to be attached in future as vouchers to the Monthly Store Accounts in place of those now in use.

On the first of each month the Quartermaster will prepare and hand to the Commissariat this return in duplicate, showing the strength of the Regiment on that day, and initialled by the Commanding Officer or Adjutant. After comparing the duplicate with the original, one copy will be retained by the Commissariat and the other by the Quartermaster, who will on each succeeding day exchange his copy, similarly filled in, for that retained on the previous day by the Commissariat.

In addition to the initials of the Commanding Officer or Adjutant, the Quartermaster will each day affix his own as an acknowledgment of having received the usual order for the rations.

At the close of the month the ration returns as vouchers to the accounts will be completed with the requisite signatures, the Quartermaster signing a receipt in full for the issues in the month, and the quantities for which this receipt is given will form the entry in the Monthly Abstract of Issues.

While, however, an exact daily settlement may thus take place, and the return can be closed at once, when, as on active service, Troops may be suddenly ordered away, it is understood that the details of the mode of issuing rations for daily use will vary according to circumstances, and must be left to local arrangement.

A supply of forms for immediate use is herewith transmitted,\* and you will move the Officer commanding to direct that the new system be brought into operation from the 1st of the month succeeding the receipt of this Circular.

At the end of six months you will report your opinion of the new form, with any suggestions you may have to offer for its further simplification or improvement.

I have the honor to be, Sir, your obedient Servant,

The Commissariat Officer in charge.

**THE** Competitive Examinations hitherto held of Candidates for the Artillery and Engineer Services of the Indian Army will cease, and all Candidates for the Artillery and Engineer Services generally will in future have to go through a course of instruction at the Royal Military Academy, Woolwich.

The next Competitive Examination, in conformity with the annexed Regulations, will commence on 7th January, 1861.

The number of vacancies to be competed for is seventy.

Applications of Candidates, as required by Art. VIII. of the Regulations, will in this instance be received until the 20th December next.

The successful Candidates will be admitted in the first instance to the Royal Military College, Addiscombe, and eventually transferred to the Royal Military Academy, Woolwich.

As in the Prospectus formerly issued for admission to Addiscombe College it was provided that Candidates might be examined in the use of Astronomical and Surveying Instruments, there will be an Examination in that subject for such as desire to take it up in January next; after which date, however, it will not be included among the subjects of Examination for admission to Woolwich. Seven hundred and fifty marks will be allotted to this subject as heretofore.

1. **COMPETITIVE** Examinations for admission will be held in London twice a year, in January and July. They are conducted by Examiners appointed for the purpose, in the presence and under the superintendence of the Council of Military Education.

The Candidates must, until the Examination in July, 1861, be between sixteen and twenty years of age; after that date between sixteen and nineteen years of age.

## NOTICE—continued.

III. No Candidate will be allowed to be examined in more than five subjects, of which one must be Mathematics, and no one who does not obtain at least 1,000 marks in Mathematics, of which 700 at least must be in Pure Mathematics, will be eligible for an Appointment.\*

From the other subjects of examination each Candidate may select any, not exceeding four in number, in which he desires to be examined; but no one will be allowed to count the marks gained in any such subject, unless those marks shall at least amount to one-sixth of the total number of marks allotted to that subject or section of a subject.

In *English* and *Hindustani*, it will be understood that by gaining one-sixth of the marks allotted to Language, Literature and Composition a Candidate will be entitled to count in the first section of the subject; and in like manner by obtaining one-sixth of the marks allotted to History and Geography he will be entitled to count in the second; but no amount of marks gained in one section will entitle him to count those gained in the other if below the prescribed minimum.

In *Classics* the same rule applies as regards counting on one or other of its two sections (Latin and Greek), as has been explained in reference to the two sections of English; but, in addition, it must be further stated, that, unless one-sixth of the 1,000 allotted to the Latin Language and Literature has been gained, a Candidate will not be allowed to count the marks gained in Latin History and Geography, even though above the required minimum of one-sixth of the 500 marks allotted to them; and similarly as regards the Greek Language and Literature and the Greek History and Geography.

In *Drawing* also the same rule applies as regards counting, as has been already explained in reference to the two sections of English.

In either *French*, *German*, or *Hindustani*, every Candidate will be required to obtain at least 100 marks for qualification in the Language alone; and in *Geometrical Drawing* at least 50 marks, whether he takes them up as subjects in which he desires to compete or not.

It should be clearly understood by Candidates, that, though only a very small qualifying test has been imposed in respect to French, German, or Hindustani, in the examination for admission, a qualification is required to be obtained at the Royal Military Academy in either one or the other of these languages before a Cadet can obtain his commission.

IV. The Candidates are allowed to answer as many questions as the time allotted to the subject will permit. The sectional arrangement of the questions adopted in the earlier examinations has been abandoned.

V. No Candidate will be admitted unless he obtain an aggregate of at least 2,500 marks.

\* N.B.—The Examination in Arithmetic, Algebra, Plane Geometry, Logarithms and Plane Trigonometry will be close and searching.

## NOTICE—continued.

VI. The successful Candidates will remain under instruction for about two years and a half, or until they are sufficiently advanced in scientific knowledge to pass a satisfactory examination, and they will then receive commissions in the Royal Artillery or Royal Engineers. If, however, they should be found unable to qualify themselves within a reasonable time in their professional studies, or to acquire a sufficient proficiency in Military Exercises, they will be subject to removal.

VII. Each Cadet on joining will be required to pay a sum of £25 to cover the expense of Uniform, Books, &c., and to produce the following articles, which must afterwards be kept up at his own expense, viz. :—

9 White Shirts.	1 Clothes Brush.
4 Flannel Waistcoats.	2 Combs and Brush.
9 Pair of Socks.	1 Bible and Prayer Book.
6 Pair of Drawers.	1 Looking Glass.
9 Pocket Handkerchiefs.	1 Portmanteau.
6 Towels.	

He will also be required to pay a contribution of £62 : 10s., payable in advance, for each half-year of the time during which he remains under instruction. The annual contributions, however, for sons and orphans of Naval and Military Officers will be regulated at the following rates, as heretofore :—

For sons of Admirals and of Generals having Regiments	£80
For sons of Generals without Regiments	70
For sons of Captains and Commanders of the Navy and of Colonels and Regimental Field Officers of the Army	60
For sons of all Officers of the Army and Navy under the above ranks	40
For sons of Officers of the Army and Navy who have died in the service, and whose families are proved to be left in pecuniary distress	20

The sons of General Officers paid only on their commissions as Field Officers will pay the same contribution as the sons of Field Officers.

The sons of Officers on full or half pay will pay alike; but the sons of Officers who have voluntarily retired on half pay, or received the *difference*, will only be admitted on the terms prescribed for the sons of private gentlemen, viz. 125*l.* per annum.

The sons of Officers of the Civil Departments of the Army and Navy, of the Permanent Militia Staff, and of Adjutants of the Volunteer Force, are admissible to the Academy upon the same terms as those prescribed for Naval and Military Officers.

The sons of Professors at the Staff and Royal Military Colleges, at the Royal Military Academy, and at the Royal Military College, Addiscombe

The sons of Masters at the above Institutions

VIII. Any gentleman who wishes to present himself at one of the half-yearly examinations must send in his name to the Military Secretary at the Horse Guards one month before the time of examination, forwarding with his application to be noted the following papers :—

- 1st. An extract from the register of his baptism,\* or, in default of that, a declaration before a Magistrate, taken by one of his parents, giving his exact age.
- 2nd. A certificate of good moral character, signed by a clergyman of the parish to which he belongs, and by the tutor or head of the school or college at which he has received his education for at least two years, or such other proof of good moral character as will be satisfactory to the Commander in Chief.
- 3rd. A statement of the subjects of examination in which (in addition to Mathematics) he may desire to be examined.

A candidate who has been examined before, when he applies for leave to present himself again, will only be required to forward the list of subjects he selects, and a certificate from his tutor or head of school, &c. for the interval between the two examinations.

## NOTICE—continued.

VI. The successful Candidates will remain under instruction for about two years and a half, or until they are sufficiently advanced in scientific knowledge to pass a satisfactory examination, and they will then receive commissions in the Royal Artillery or Royal Engineers. If, however, they should be found unable to qualify themselves within a reasonable time in their professional studies, or to acquire a sufficient proficiency in Military Exercises, they will be subject to removal.

VII. Each Cadet on joining will be required to pay a sum of £25 to cover the expense of Uniform, Books, &c., and to produce the following articles, which must afterwards be kept up at his own expense, viz. :—

9 White Shirts.	1 Clothes Brush.
4 Flannel Waistcoats.	2 Combs and Brush.
9 Pair of Socks.	1 Bible and Prayer Book.
6 Pair of Drawers.	1 Looking Glass.
9 Pocket Handkerchiefs.	1 Portmanteau.
6 Towels.	

He will also be required to pay a contribution of £62 : 10s., payable in advance, for each half-year of the time during which he remains under instruction. The annual contributions, however, for sons and orphans of Naval and Military Officers will be regulated at the following rates, as heretofore :—

For sons of Admirals and of Generals having Regiments	£80
For sons of Generals without Regiments	70
For sons of Captains and Commanders of the Navy and of Colonels and Regimental Field Officers of the Army	60
For sons of all Officers of the Army and Navy under the above ranks	40
For sons of Officers of the Army and Navy who have died in the service, and whose families are proved to be left in pecuniary distress	20

The sons of General Officers paid only on their commissions as Field Officers will pay the same contribution as the sons of Field Officers.

The sons of Officers on full or half pay will pay alike; but the sons of Officers who have voluntarily retired on half pay, or received the difference, will only be admitted on the terms prescribed for the sons of private gentlemen, viz. 125*l.* per annum.

The sons of Officers of the Civil Departments of the Army and Navy, of the Permanent Militia Staff, and of Adjutants of the Volunteer Force, are admissible to the Academy upon the same terms as those prescribed for Naval and Military Officers.

The sons of Professors at the Staff and Royal Military Colleges, at the Royal Military Academy, and at the Royal Military College, Addiscombe	£60
The sons of Masters at the above Institutions	40

VIII. Any gentleman who wishes to present himself at one of the half-yearly examinations must send in his name to the Military Secretary at the Horse Guards one month before the time of examination, forwarding with his application to be noted the following papers :—

- 1st. An extract from the register of his baptism,\* or, in default of that, a declaration before a Magistrate, taken by one of his parents, giving his exact age.
- 2nd. A certificate of good moral character, signed by a clergyman of the parish to which he belongs, and by the tutor or head of the school or college at which he has received his education for at least two years, or such other proof of good moral character as will be satisfactory to the Commander in Chief.
- 3rd. A statement of the subjects of examination in which (in addition to Mathematics) he may desire to be examined.

A candidate who has been examined before, when he applies for leave to present himself again, will only be required to forward the list of subjects he selects, and a certificate from his tutor or head of school, &c. for the interval between the two examinations.

IX. The candidates will be inspected by Military Surgeons on the first day of the examination, that it may be ascertained that they are free from any bodily defects or ailments calculated to interfere with the performance of military duties.

Extreme short-sight, or any serious defect of vision, is regarded as a disqualification.

W. F. FORSTER, MAJOR GENERAL,  
Military Secretary.

\* NOTE.—When the register of baptism does not contain the date of birth, it should be accompanied by a memorandum, signed by one of the candidate's parents, stating the day on which he was born.

CIRCULAR, No. 653.  
FOREIGN STATIONS.

War Office, 11th December, 1860.

In consequence of its having been found that the "mixture for browning arms" supplied from this country is liable to considerable loss from fermentation on distant voyages,

Military Storekeepers are informed, by direction of Mr. Secretary Herbert, that it has been decided in future to issue to all Foreign Stations the *ingredients* unmixed for making the browning liquid instead of ready for use as at present.

General Instructions for mixing the chemicals and for browning gun barrels are annexed, and it is requested that they may be strictly attended to.

Military Storekeepers are further informed that no corrosive sublimate or other materials but those specified in the Instructions will be supplied, or are to be used in future in browning arms.

J. CRAWFORD CAFFIN.

The Military Store Officer in charge at —.

## General Instructions for Mixing the Chemicals and for Browning Gun Barrels.

### I.

In mixing the ingredients the blue vitriol should be dissolved in cold rain water, and the other ingredients subsequently added. The mixture is considered to be improved by keeping, therefore all Military Storekeeper Officers are advised to have a certain proportion always on hand mixed.

The mixture must be kept in glass bottles well stoppered, as it will soon lose its virtue if kept in earthenware jars, or if the stoppers do not fit well.

### II.

#### Browning Recipe for Black Barrels.

Tinct. Steel	...	4 oz.	Nitric Acid	...	2 oz.
Sweet Spirits of Nitre	...	3 oz.	Blue Vitriol	...	1 oz.
Spirits of Wine	...	3 oz.	Rain Water	...	2 quarts.

1st. Coat the barrels with wet lime, clean with dry lime, and brush and wipe them with coarse linen cloth, coat them with the mixture with sponge, and then let them stand in the drying room twelve hours in ninety degrees heat.

2nd. Scratch them with wire card, after which let them stand one hour to get thoroughly cold, coat them and let them stand in the drying room six hours.

3rd. Scratch them with wire card, let them stand one hour, coat them and stand them in the drying room six hours.

4th. Scratch them with wire card, let them stand one hour, coat them and stand them in the drying room six hours, after which immerse them in boiling water, every one being in the copper five minutes, then let them stand one hour, coat them and stand them in the drying room six hours.

5th. Scratch them with wire card, let them stand one hour, coat them and stand them in the drying room six hours.

6th. Scratch them with wire card, let them stand one hour, coat them and stand them in the drying room six hours.

7th. Immerse them in boiling water, after which scratch them with wire card.

8th. Immerse them in boiling water, finish them with wire card, and then oil them.

### Memorandum.

It will be observed that the time allowed for drying is in the first instance twelve hours, and the subsequent stages six hours. The barrels will generally be dry in this

## CIRCULAR, No. 653—continued.

time, but, as the atmosphere has a great effect upon the acids of which the browning mixture is composed, this will not be *invariably* the case. It can be easily ascertained whether the barrels are dry or not by applying the steel scratch card, when, if dry, the rust will fly off quickly, but if not dry, the rust will adhere firmly and the barrel will have a streaky appearance. Before the mixture is applied to the barrel the nipple hole should be carefully stoppered up, to prevent any water or browning mixture getting inside, and the muzzle should also be stopped with a peg, made of pine or deal, about twelve inches long, four inches of which is to be inserted in the barrel, the remainder will serve as a handle for the workman.

HOME AND FOREIGN.

## VICTORIA R.

WHEREAS it has been represented to us that it would be expedient for the improvement of our service, and for the better providing for the duties of the Purveyors' Department, that the ranks of that department should be further extended, and the rates of pay, half pay and retired pay of the officers thereof regulated and amended: Our will and pleasure thereof is, that, instead of the provisions contained in our Royal Warrant of the 31st October, 1855, which is hereby cancelled, those contained in this our Royal Warrant, to be administered and interpreted by our Secretary of State

CIRCULAR, No. 656—continued.

for War, shall from the date hereof be the sole authority regarding the Purveyors' Department of our Service.

1. The duties of the Purveyors' Department of our Army shall be superintended and directed by an officer of that department, with the designation of Purveyor in Chief, acting under orders from our Secretary of State for War; and holding the appointment for seven years, to which he will be eligible for re-appointment.

2. The grades of the officers and clerks of the Purveyors' Department shall be as follows, viz.:—

Principal Purveyor.  
Purveyor.  
Deputy Purveyor.

Established Clerk.  
Probationary Clerk.

3. Promotion from one rank to another shall not necessarily be given by seniority, but by selection for ability and meritorious conduct, on the recommendation of the Purveyor in Chief; and the grounds of such recommendation shall be stated in writing, for the approval and sanction of our Secretary of State for War, and recorded in his office.

4. On reduction of the establishment, the junior of each rank respectively shall be the first reduced; and on restoration to full pay the senior officers or clerks on the reduced list shall be the first restored, except in cases in which a strict adherence to this rule would be manifestly detrimental to our service.

5. The rates of pay of the officers and clerks of the Purveyors' Department shall be according to the following schedule:—

*Purveyor in Chief.*

On appointment, and under five years' service in that rank	...	...	30s. per diem.
After five years' service in that rank	...	...	35s. "
After ten years' service in that rank	...	...	40s. "

*Other Established Ranks.*

	Under 5 years' Service on Full Pay.	After 5 years' Service on Full Pay.	After 10 years' Service on Full Pay.	After 15 years' Service on Full Pay.	After 20 years' Service on Full Pay.	After 25 years' Service on Full Pay.

Established Clerk ...	0 5 0	0 6 0	0 7 0	0 8 0	0 9 0	0 9 0

\* Or on promotion, should these periods of service not have been already completed.

6. The officers and clerks of the Purveyors' Department, now in receipt of higher rates of pay than those which are provided in the above scale, shall continue to receive such higher rates, until they shall be entitled (under this Warrant) to a rate of pay higher than that which they are now receiving.

7. It is to be clearly understood, that increased pay for length of service is not to be granted, unless the officer or clerk shall have performed his duties with zeal and ability, nor until the sanction of our Secretary of State for War has been obtained thereto.

8. Any officer or clerk of the department removed from full pay on reduction of the establishment, or from any other cause (except misconduct), shall be entitled to a rate of half pay equal to half of the rate of the full pay of which at the time he may actually be in receipt; but, after thirty years' full pay service, he shall have the right to retire, and shall be entitled to a rate of retired pay equal to three-fourths of his actual pay; it shall, however, be competent to our Secretary of State for War to place any officer or clerk on the retired list, at the said rates of three-fourths of his pay, after a meritorious service of twenty years in the department, if, by reason of mental or bodily infirmity of a permanent nature, to be certified by a medical board, he shall be unfit for further duty.

9. Any officer or clerk of the department claiming to retire after thirty years' service, must give six months' notice to the Purveyor in Chief of his intention to claim this

## CIRCULAR No. 656—continued.

right, prior to his being allowed to retire; and no officer or clerk shall have a right to give such notice, after he shall be under orders to proceed to any Foreign station, until he shall have served at such station for six months.

10. Retirement, in the absence of exceptional circumstances, shall be compulsory at the age of sixty-five years.

11. The officers of the department shall give such security for the due care of public money, stores, &c., entrusted to them, as our Secretary of State for War may be pleased to direct.

12. The relative rank of the officers of the Purveyors' Department shall be as follows, viz. :—

Purveyor in Chief, as Lieutenant-Colonel, according to the date of his commission; and after five years full pay service as Purveyor in Chief, as Colonel, according to the date of the completion of such period of service.

Principal Purveyor, as Major, according to the date of his commission.

Purveyor, as Captain, according to the date of his commission.

Deputy Purveyor, as Lieutenant, according to the date of the commission.

13. Such relative rank shall carry with it all precedence and advantages attaching to the corresponding rank in our Army, (except as regards the presidency of courts-martial, and of all military courts, committees and boards of inquiry, where our will and pleasure is, that the senior Combatant Officer be always President, and except, further, any military command whatever,) and shall regulate the choice of quarters, rates of lodging money, field allowances, forage for horses necessarily kept, fuel and light, or allowances in their stead, detention and prize money.

14. The officers of the Purveyors' Department shall be entitled to the allowances granted, on account of wounds and injuries received in action, to combatant officers holding the same relative rank.

15. Their families shall, in like manner, be entitled to the allowances granted to the families of other officers holding the same relative rank.

16. The officers of the department shall be entitled to the same honours as other officers of our Army of equal relative rank. This does not, however, extend to the compliments to be paid by garrison or regimental guards, as laid down in the regulations of our Army.

17. Established Clerks of the department shall hold the relative rank of Ensign, but will not receive commissions: they shall be entitled to quarters or allowance in lieu thereof, to the ordinary rate of servants' allowance, and to all other allowances of their relative rank.

18. Probationary Clerks shall receive pay at 5s. per diem, without allowances.

19. Service in the inferior ranks shall be allowed to reckon, if continuous, towards increase of pay in the higher ranks; but an officer will be required on promotion to serve one year on each of the rates of pay of the rank to which he shall be promoted.

20. A roster of Home and Foreign Service shall be kept in the office of the Purveyor in Chief, and shall not be departed from, except in cases of necessity.

Given at our Court at St. James's, this 24th day of December, 1860, in the 24th year of our reign.

By her Majesty's Command.

HOME AND FOREIGN.

War Office, 20th December, 1860.

As it is very desirable that all empty powder and cartridge barrels, when no longer required, should be returned to Woolwich,

Military Storekeepers and Barrack Masters are enjoined to take every available opportunity of transmitting the empty barrels in their charge free of cost for freight, consigned to the Principal Military Storekeeper.

Barrack Masters in the neighbourhood of the outports will forward their empty barrels to the Military Storekeepers at those stations for removal. Barrack Masters inland will report to this Office their accumulation from time to time, with the cost of carriage to Woolwich, when further orders will be given.

With a view to economize space, the staves and heads of the smaller barrels may be "shook" and packed in those of larger size, or tied up in bundles.

HOME AND FOREIGN.

War Office, 1st January, 1861.

SIR,—It having been considered advisable to revise the form of *Delivery Voucher S.*, No. 17, W. O. Form 1220, A and B, and the *counterpart Bill of Lading*, Form S., 29, W. O. Form, 1232, by the addition to each of an extra column headed "*Total Number or Quantity.*"

I am directed by Mr. Secretary Herbert to notify the same for your information, and to request that whenever stores may be *issued* or *returned* from your station to any other, you will insert in the new column the total number or quantity of each article issued, without reference to the state in which they stand on charge on your ledgers; leaving the remaining columns *blank* to be filled up by the *receiving* storekeeper according to the actual conditions in which they are received.

The *receipt* voucher, S., No. 16, W. O. Form, 1219, A and B, is to show, as heretofore, the state of the stores as they stand on the ledger of the Storekeeper by whom they are *issued*, whether *serviceable*, *repairable* or *unserviceable*, and will be returned by the receiving storekeeper unaltered as to *condition*, but subject to corrections in *number*, should any *deficiency* or *surplus* be found when the stores are counted or weighed by him.

The original Bill of Lading, S., No. 27, and the Bill S., No. 28, which are both forms of *receipt*, are to continue in use without alteration as before.

I am, Sir, your obedient servant,

FOREIGN STATIONS.

General No. 743.

War Office, 8th January, 1861.

THE Secretary of State for War having considered the regulations under which the whitewashing of Barracks, or buildings connected therewith, as laid down at page 147, Art. 223, of the Foreign Barrack Regulations, and finding that much discrepancy of practice exists at the various Foreign Stations, has decided, with the concurrence of His Royal Highness the General Commanding in Chief, that the following regulations shall be adopted in future:—

The entire whitewashing, including scraping and stopping, of all Barracks and War Department Establishments shall be performed periodically by the Royal Engineer Department.

The period for this general whitewashing at Home Stations is fixed at once in two years; but inasmuch as climate or other local circumstances may render it desirable that this period should vary at Different Foreign Stations, the Secretary of State will leave it to the General Officer commanding at the several stations to fix the period in each case.

When this period has once been fixed by a General Officer it will not be changed by any subsequent General Officer, without the prior sanction of the Secretary of State, as such change would necessarily cause embarrassment in the annual estimates.

2. All intermediate whitewashing between these periods will be performed by the troops, the Royal Engineer Department providing the necessary materials.

Non-commissioned Officers and Soldiers so employed will receive working pay at the rate of 4d. per diem: the proportion of Non-commissioned Officers, and the number of working hours, will be in accordance with the general regulations of the Service.

The work will be done under the superintendence of the Barrack Department.

Mr. Secretary Herbert will lay down no limit as to the frequency with which the work may be performed.

Requisitions will be made to the Barrack Master by Officers commanding Corps or Detachments.

The Barrack Master will fill in W. O. Form, No. 1,495, and transmit it to the Commanding Engineer.

That Officer, after attaching his signature to the certificate, will forward it to the General Officer commanding, by whom, when approved, it will be returned to the

## CIRCULAR No. 659—continued.

Barrack Master, who will then take the necessary steps for the performance of the work, obtaining the materials from the Royal Engineer Department.

In the case of large commands, the General Officer commanding may delegate this power to such Officers holding subordinate commands as he may think proper.

Commanding Engineers will provide annually in their Estimates the funds necessary to meet the whole of the preceding expenditure.

General Officers commanding will on the receipt of this Circular be good enough to report, for the information of the Secretary of State for War, the periods which they propose to fix for the periodical whitewashing of Barracks, &c., by the Royal Engineer Department.

HOME.

War Office, S. W., 8th January, 1861.

WITH reference to the Royal Warrant of 27th January, 1860, Circular No. 542, which grants to District Paymasters lodging and fuel and light allowances according to their relative or honorary rank, it has been decided to extend to such Officers the provisions of the annexed Memorandum of 12th May, 1860 (41—Depôt Batt. 12—2).

It will therefore be necessary that each District Paymaster affected by the Royal Warrant before specified should forthwith elect, in the manner prescribed, whether he will continue to draw the permanent allowance of 15s. per week, or the rate attached to his relative or honorary rank when public quarters cannot be supplied.

CIRCULAR, No. 661—*continued*.

In the former case the charge will be admissible in the proper accounts upon Form A, and in the latter upon Form B, which expressly excludes Officers from the receipt of the pecuniary allowances whenever vacant Barrack accommodation exists.

**MEMORANDUM FOR PAYMASTERS OF DEPOT BATTALIONS AND  
BARRACK MASTERS AT HOME.**

41,

Dep. Batt. 12—2.

*War Office, Pall Mall, 12th May, 1860.*

WITH reference to the Royal Warrant of 27th January, 1860 (Circular No. 542), and Circular No. 59, of 27th February, 1857, 167—L, 417, the following decision respecting lodging and fuel and light allowance to Paymasters of Depot Battalions is communicated for the information and guidance of the Officers concerned.

By the Royal Warrant specified, all Paymasters are entitled to claim quarters or the pecuniary allowance in lieu thereof according to their relative or honorary rank, but such allowance can only be admitted on proof that suitable Barrack accommodation could not be supplied. The grant of permanent lodging money at the rate of 15s. per week having, however, been sanctioned by Circular No. 59, as a boon to Paymasters of Depot Battalions, the Secretary of State will not refuse to continue such grant to the Officers concerned who may desire its continuance.

Upon the receipt of this communication it will, therefore, be necessary that each Officer who may have hitherto drawn the permanent lodging money in question, should report through the local Barrack Master, for the information of the Secretary of State, whether he elects to draw the fluctuating or the permanent rate, the former being alone admissible upon W. O. Form, 1112A, proving that there is no available accommodation in Barracks, and the latter upon W. O. Form, 1040.

Such election once made must be abided by and should be duly recorded by the Barrack Master, so that all future claims may be adjusted accordingly.

CIRCULAR, No. 662.

Establishment, 802.

HOME AND FOREIGN.

War Office, 16th January, 1861.

THE Secretary of State for War having had under consideration the position and emoluments of the Assistant Clerks of the Commissariat Department, has approved of the following Regulations for the future government of this branch of the Commissariat :—

1. The designation "Assistant Clerk" is now no longer applicable. It was adopted originally in order to preserve a marked distinction between the "Established Commissariat Clerks" in the line of promotion to commissions, and those clerks who though on the permanent establishment had no such prospect.

The grade of "Established Commissariat Clerk" having been abolished, and that of Acting Deputy Assistant Commissary General substituted as the first step in the line of promotion, the necessity for the distinction and the prefix "Assistant" no longer exists, and therefore the Assistant Clerks of the Commissariat will in future be styled "Commissariat Clerks."

2. The Commissariat clerks appointed under these regulations will be considered as civilians, without any relative military rank or allowances whatever, except in extreme cases when they may be employed with troops in the field, or in positions where it may be impracticable for them to provide themselves with the necessaries of life, in which case they may be specially permitted to draw the allowances of Ensigns.

3. No person will be eligible for appointment as Commissariat Clerk, above the age of thirty or below that of eighteen years, unless in the cases of persons who have been employed in other capacities or in other branches of the public service, when exceptions may be made, provided the ages of the candidates did not exceed thirty on the first commencement of their continuous public service.

4. All clerks on first appointment will have to undergo an examination by the Civil Service Commissioners in the following subjects :—

1. Exercises to test Handwriting, Orthography and Grammatical correctness.
2. Arithmetic (elementary).

In addition to the above test, the candidates will have to produce satisfactory evidence as to good conduct and character, and the certificate of a Military Medical Officer or Board as to their state of health and physical fitness for general service.

When clerks are appointed abroad, the necessary papers will be sent by the Civil Service Commissioners, and a competent Board will be appointed by the Officer commanding at the Station, to conduct the examination.

5. The pay of the clerks will be as follows :—

	s.	d.		s.	d.
On first appointment ...	6	0	After 15 years' service ..	10	6
After 5 years' service ...	7	6	After 20 " " ...	12	0
After 10 " " ...	9	0			

But in each case of increase a service of five years at the previous rate of pay will be required, and no increase will be allowed without the production of the certificate as per form annexed.

6. In addition to the above rates of pay, clerks serving at any of the Stations at which tropical pay is granted to the Military Store and Royal Engineer Departments will be entitled to tropical pay at the rate of 1s. 6d. per day.

7. With regard to the assistant clerks at present on the Establishment of the Commissariat Department, their rates of pay will be regulated according to the accompanying list, and their designation changed to that of Commissariat Clerk.

8. The regulations now promulgated have been framed principally with a view to placing on a more satisfactory footing the clerks at present on the permanent Establishment of the Commissariat, and not with any intention of extending the employment of this class of clerks beyond its present limits.

It is expected that except at some stations where owing to peculiarity of climate, and the language spoken, it may be absolutely necessary to engage the services of persons accustomed to the climate, and acquainted with the language, it will generally be found practicable to fill up most of the subordinate appointments of the Commissariat from the Non-commissioned Officers of the Commissariat Staff Corps appointed under Article 4 of the Royal Warrant of 24th September, 1859. Commissariat Officers in charge are therefore strictly enjoined not to submit the name of any civilian to fill up a vacancy in the establishment of Commissariat Clerks appointed under these

regulations, unless it be certified by the Officer commanding that no Non-commissioned Officer or soldier competent to perform the duties of the office can be obtained from any of the regiments at the station, and even in such cases the appointment will not be made unless it be found impossible to select a properly qualified Non-Commissioned Officer from the Commissariat Staff Corps serving at home.

B. HAWES.

To the Commissariat Officer in charge.

## FORM OF CERTIFICATE.

I CERTIFY that the diligence and good conduct of Commissariat Clerk —, who completed — years of service at the rate of —, have been such as to justify my recommending that he be granted the quinquennial increase of pay authorized by Circular No. —.

RECRUITING DEPARTMENT.

*Horse Guards, S. W., 22nd December, 1860.*

HIS Royal Highness the General Commanding in Chief having decided, as a general rule, that all Infantry Regiments have three parties detached on the Recruiting Service,—each to consist of a *Sergeant* and one *Private*,—orders will be issued to the several Inspecting Field Officers of Recruiting Districts to send to their Corps all men now detached on this duty from such parties as may happen to be of greater strength than that now prescribed.

## CIRCULAR MEMORANDUM,

6—(1860)

*Addressed to the Cavalry.*

General No. 99.

*Horse Guards, S. W., 24th December, 1860.*

1. The General Commanding in Chief has observed, from the returns recently forwarded, that comparatively few Cornets, on joining, have availed themselves of the regulation by which they are permitted to select horses from the regimental or remount horses of their respective regiments.

2. His Royal Highness intended this regulation to secure to young officers efficient chargers at moderate prices.

3. He can only attribute its failure up to the present time to the class of horse purchased not being sufficiently good for officers' chargers—or, to the young officers not having received encouragement to avail themselves of the privilege.

4. With a view to securing to them the benefit of the regulation, his Royal Highness directs that when a Cornet joins his regiment, the commanding officer shall, in every

CIRCULAR, No. 99—*continued*.

case, order the dealer who supplies the regiment with troop horses, to provide two in addition, as officers' chargers, for which he will receive £50 each from the Paymaster, to be repaid by the officer when they have been passed sound by the Veterinary Surgeon, and approved of by the commanding officer, who will be held as responsible for the proper selection of these horses, as he is for that of the troop horses.

5. These horses are not to be under four years old, or to exceed five; and they are to be subjected to the approval of the Inspecting-General of Cavalry, with other remounts, at the half-yearly inspections.

6. They are to be considered the private property of the officers, but are not to be sold without the approval of the Commanding Officer; and the horse selected as first charger is not to be used for hunting or for harness.

7. Should either or both of these horses become unfit, from disease or accident on duty, they may be returned to the ranks, and the officer be permitted to select others to replace them, from the next remounts, at troop price.

8. If within two years either or both shall be found, from want of action or from vice, unfit for an officer's charger, they may be returned to the ranks, and others selected from the remounts to replace them, with the consent and approval of the Commanding Officer.

9. Any other officers, under the rank of Field Officer, in want of chargers, will be permitted to select two from the remount horses, with the exception of Medical Officers, Veterinary Surgeons, Paymasters and Quartermasters, who may select one each, paying the sum of £50 for each horse, and the rules laid down for officers joining will be applicable to them also.

10. Officers raised from the ranks will be permitted to select from the ordinary remounts under the foregoing rules at the troop price.

11. If these orders are strictly attended to, and Commanding Officers will also take upon themselves to furnish the parents or guardians of young officers joining with a list of articles absolutely necessary for their equipment, his Royal Highness feels no doubt that the expense of fitting out a Cornet, now so much complained of, will be reduced to a moderate and reasonable sum.

12. His Royal Highness has convinced himself, by very minute inquiry, that the chief expense of the Cavalry does not consist in what is necessary for an officer's equipment and sustenance, but in the expensive habits independent of the profession, in which a young officer is not only not called upon to indulge, but which are highly injurious to him.

13. All previous orders on this subject are hereby cancelled.

By Command.

Horses—1 (1861).

*Horse Guards, S. W., 16th January, 1861.*

A CERTAIN number of Riding Masters, Veterinary Surgeons, Rough Riders and Farriers, having been trained in Mr. Rarey's system of horse-breaking, His Royal Highness the General Commanding in Chief desires that, in all regiments which have officers or men instructed, the system shall be adopted and fairly tried, and carried out upon all remount horses previously to their being put through the manège lessons.

It is true that many horses being now bought at four years old may have been backed and partially broken, and may not absolutely require to be subjected to the system; but as it is hoped that, by this means, vice will be prevented in untaught horses, and eradicated in cases where horses are imperfectly broken, His Royal Highness desires that it may be universally applied.

Officers commanding regiments will produce to the Inspector General of Cavalry at each half-yearly inspection a return, according to the accompanying form, of horses thus broken, stating the number of lessons before saddling, and the total number of lessons in the school, from first to last, before joining the ranks in squadron.

## GENERAL ORDER. No. 774.

Musketry Instruction—1 (1861).

*Horse Guards, S. W., 3rd January, 1861.*

THE General Commanding in Chief has desired the annexed table, showing the "Figure of Merit" of the several corps in the United Kingdom and in North America, which have completed the course of Musketry Drill and Practice for the year 1860, to be published in the General Orders of the Army, with a view of stimulating to increased exertion all who are desirous of seeing their battalions hold a high position in the order of precedence as regards proficiency in shooting.

Although highly satisfied with the general result of the last year's instruction, as shown by the returns that have been received, yet his Royal Highness would like to see every regiment make a figure of 40, at the least, a point which he is convinced can be obtained if the training of the men is carefully conducted.

GENERAL ORDER, No. 774—*continued*.

In many instances the "Platoon" and "Skirmishing" Practices are not what they ought to be.

This can only arise,—in the one case, from the imperfect way in which the Platoon Exercise is taught, and the hurried manner in which it is executed on parade occasions;—and in the other, from inadequate knowledge of the details of Skirmishing Drill, combined with want of skill in individual firing.

The General Commanding in Chief desires the attention of General Officers to these essential points of the soldier's training, and again refers them to the General Order of the 7th May last, inculcating the necessity of frequent Position Drill.

By Command.

A. HORSFORD,

CHARLES HAY,

Inspector General of Musketry.

Schools,

GENERAL ORDER. No. 775.

1.—1861.

*Horse Guards, S. W., 16th January, 1861.*

WITH reference to the Circular Memorandum of the 10th February last, and to the 37th Article of War, by which commanding officers are empowered to enforce on the men under their command the orders to attend school, His Royal Highness the General Commanding in Chief desires it may be understood that it is by no means incumbent upon an officer to order all men indiscriminately, and against their will, to attend.

Education is a boon, not to be forced on those who may be unwilling to accept it; but, as it cannot in any instance be given without an expense to the public, it is intended by the clause in question that those who have accepted that boon, and who, in the opinion of the commanding officer, are likely to profit by it, should be under such control as will prevent the idler from abusing the indulgence, by giving an irregular and capricious attendance to his studies.

By Order of HIS ROYAL HIGHNESS

THE GENERAL COMMANDING IN CHIEF.

A. HORSFORD,

*Deputy Adjutant General.*

## THE VICTORIA CROSS

CONTINUED FROM

*"The Monthly Army Lists"* of March, June, July, October and December, 1857, January, February, May, July, September, October and November, 1858, January, February, May, June, July, August, October, November and December, 1859, and February, March, June, July, September, October and December, 1860.

*War Office, 5th February, 1861.*

THE QUEEN has been graciously pleased to signify her intention to confer the Decoration of "The Victoria Cross" on the under-mentioned Officer of Her Majesty's Army, whose claim to the same has been submitted for Her Majesty's approval, on account of Acts of Bravery performed by him in India, as recorded against his name, viz. :—

61 F.—Surgeon HERBERT TAYLOR READE.—Date of acts of bravery, 14th and 16th September, 1857.—During the siege of Delhi, on the 14th of September, 1857, while Surgeon Reade was attending to the wounded at the end of one of the streets of the city, a party of rebels advanced from the direction of the Bank, and having established themselves in the houses in the street, commenced firing from the roofs. The wounded were thus in very great danger, and would have fallen into the hands of the enemy, had not Surgeon Reade drawn his sword, and calling upon the few soldiers who were near to follow, succeeded, under a very heavy fire, in dislodging the rebels from their position. Surgeon Reade's party consisted of about ten in all, of whom two were killed and five or six wounded. Surgeon Reade also accompanied the Regiment at the assault of Delhi, and, on the morning of the 16th September, 1857, was one of the first up at the breach in the magazine, which was stormed by the 61st Regiment and Belooch Battalion, upon which occasion he, with a serjeant of the 61st Regiment, spiked one of the enemy's guns.

1,592.**ARTIFICIAL ARMS AND LEGS.**

THE Lords and others Commissioners of Chelsea Hospital having, at the suggestion and recommendation of the Secretary of State for War, made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

## MEMORANDUM.

---

FIELD OFFICERS *who have retired from the Service by the Sale of their Commissions, and wish their Names to be restored to and retained in the ARMY LIST in Italics, will be pleased, in their Applications for this Privilege to the General Commanding in Chief, to state the Dates of their last Commissions, Brevet as well as Regimental, and also that of their Retirements.*

HORSE GUARDS,  
29th May, 1855.

---

ALL FIELD OFFICERS *whose names are allowed to be retained in the ARMY LIST, whether they may have sold out since or previously to the issuing of Her Majesty's Royal Warrant of the 6th October, 1854, shall send a Notification to Her Majesty's Secretary of State for War of their being alive on the 1st January and the 1st July of each year.*

*If such Notification due on the 1st January be not received at the War Office by the 1st April, and that due on the 1st July by the 1st October, it will be concluded that the Officer is deceased, and his name will be removed from the ARMY LIST.*

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force :

## Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realm.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

## Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

(Signed) CLARENDON.

*War Office, 23rd November, 1860.*

WITH reference to Circular 321, dated 21st September, 1858, which sanctions the employment of Soldier Clerks and Pensioners in Military Staff Offices, Mr. Secretary Herbert has decided that Clause 3 of the said Circular be amended by the substitution of two years for seven years as the period of service required in the ranks before a Non-commissioned Officer or Private can be considered eligible for a Military Clerkship.

CIRCULAR, No. 660.

General No. 1,789.

*War Office, 31st January, 1861.*

WITH a view to avoid the delay and inconvenience which is now frequently experienced in the receipt of Small Arm and Gun Ammunition returned into store at Woolwich,

Military Storekeepers, Barrack Masters and others are directed by Lord Herbert, in forwarding any filled ammunition, live shell, &c., to Woolwich, to charge the same in separate vouchers from other articles that may be transmitted by the same conveyance.

Each package must be correctly marked with the quantities charged in the voucher, as well as with the freight to which it belongs, as in cases where two or three deliveries are received at the same time, much difficulty is often found in identifying the quantities belonging to each voucher or delivery.

Whenever stores are sent by the same conveyance for the Tower and Woolwich they are to be packed separately, and separate vouchers are to be prepared for the station for which the stores are respectively intended, those to be forwarded to the Tower being consigned to the Principal Military Storekeeper at Woolwich only "*in transit.*"

When stores are removed under the authority of several orders, and included in one voucher, they should be classified under the order directing their transmission respectively, instead of the orders being quoted at the commencement of the voucher.

THE Secretary of State for War having decided on the substitution of the following paragraphs for clause 5, page 4, of the Good Conduct Regulations of the 10th September, 1860, Circular, No. 629, the same is notified for the information and guidance of all Officers charged with the administration of those Regulations :—

5. As a further reward of continuous Good Conduct, Soldiers of 16 and less than 18 years' service, and whose names have not been entered in the Regimental Defaulters' Book for 14 years preceding their claim, may receive the rate of Good Conduct Pay granted after 18 years' service on completion of the said 14 years continuous Good Conduct, and shall be entitled to receive the rate attached to 23 and 28 years, two years earlier, *i. e.*, after 21 and 26 years' service respectively.

In like manner Soldiers of 21 and less than 23 years' service, and whose names have not been entered in the Regimental Defaulters' Book for 14 years preceding their claim,

General No. 730.

HOME.

War Office, 25th January, 1861.

1. It having been determined to extend the practice of local payments prescribed by the Memorandum of 15th September, 1860 (56—Castlebar, 100), to claims for rents, departmental lodging and fuel and light allowances, repairs of damages by troops, supplies of coals, coke, turf, candles, and straw, and all similar services which are subject to fixed regulations, governed by periodical contracts, or sanctioned by the definite authority of the Secretary of State, and also to all charges for carriage or freight of Stores where the removal of such Stores has been authorized, Barrack Masters and Military Storekeepers in charge are hereby desired to carry out such rule with regard to all rents falling due, or services performed, or supplies made, subsequent to the 31st December, 1860.

2. The several forms now in use for those services will still be available, and all existing rules, not modified by these instructions, as to the mode of preparing and certifying the same, will remain in force, the charges in question being introduced on such forms into the account current for the quarter within which the same may have been paid.

3. Rents of all descriptions should be thus settled by the Barrack Master who has heretofore transmitted the claims for allowance, particular care being observed that all payments are made to the owner, or duly authorized agent, on or before the fixed days of payment, and that any change in proprietorship, termination of lease, or other such circumstance, be at once reported.

4. Lodging, and fuel and light allowances, should be paid only to individuals hitherto in receipt of the same, or who may become clearly entitled by regulation or special authority to the same; and wherever such payment could be obviated by the assignment of public quarters, the fact should be stated, and the pecuniary allowance withheld. These payments to the Barrack, Engineer and Military Store Departments should be alike made by the Barrack Master of the district; every unusual claim, question as to payment during leave of absence, or other doubtful matter, being referred to the Under Secretary of State prior to adjustment. All lodging-money claims, except in the case of an officer changing stations, should be paid quarterly as heretofore.

5. These directions will in nowise affect the present mode of dealing with lodging or fuel and light allowances to Staff or Regimental officers and men, whose claims should be certified by the Barrack Master in strict accordance with the occupation returns and the facts of the case, but not paid by that officer unless he may be further instructed to that effect.

6. Coals, coke, turf, candles and straw, supplied under contract for barrack-service, should be paid for at the commencement of the quarter following that in which the supplies may have been made, except in the case of transfer or stock taking, when the quantities certified for at the close of either of those duties should be at once paid for. The introduction of these charges into the account-current should be supported by a claim on the Form applicable to the article supplied, and be accompanied by the usual certificate in original and duplicate,—the latter, instead of being forwarded separately to this office as heretofore, being included with the original in such claim. Where it may become necessary to purchase, in default of a contractor, the Barrack Master will pay for such supplies without further reference to this Office; and when such purchases may involve an extra expense to the public in regard to excess of price, the responsi-

ty of recovering the excess from the defaulting contractor, by deduction from his claim for supplies actually delivered, will rest with such Barrack Master, who will now, in the purchase claim, the difference between the rate paid and the contract price, and give a reference to the bill from which such excess has been or will be deducted. In cases where the contractor may have made no deliveries from which an excess can be recovered by deduction, the Barrack Master should at once report the fact and suggest any advisable steps to be taken for obtaining payment. The Barrack Master will pay all claims for similar supplies to Engineer Offices, but the deliveries for military store purposes will be paid for by the Military Store Accountant agreeably to these instructions.

7. In the event of any change in the proper claimant, a lapse in the contract, or any other circumstance requiring special consideration and orders, the officer concerned will immediately report the facts, as it is not intended by this arrangement to transfer to any Local Accountant the power to authorize expenditure, or to act upon his own discretion in making unusual or doubtful payments.

8. All claims payable on the spot under this or preceding instructions, or which the Accountant may from time to time be ordered to pay, should be settled without delay; and rents or other sums receivable should be invariably collected and brought to account in the quarter within which the same may become due.

9. Every payment devolving on the Local Accountant, under these or preceding instructions, will be subjected to examination, when the accounts in which the charges appear are received in this office, and any informal or erroneous disbursement will be disallowed and become a charge against such Accountant.

10. All letters upon questions herein referred to, or any other subjects of expenditure, should be written on half-margin, in original and duplicate, and addressed to the Under Secretary of State, War Office, London, S.W.

## CIRCULAR MEMORANDUM,

*Addressed to the Army at Home and Abroad.*

General No. 106.

*Horse Guards, S. W., 15th February, 1861.*

1. His Royal Highness the General Commanding in Chief has had under his consideration the necessity of recalling to full pay service all Officers now on half pay who are able to serve, and wishing also to give to Officers on half pay the opportunity of retiring from the Service by the sale of their Commissions, he hereby announces, with the concurrence of the Secretary of State for War, that they will be permitted to do so, to a limited extent, in the manner and under the restrictions hereinafter specified.

2. This arrangement to include General Officers who may be in receipt of the half pay only of the regimental rank in which they retired.

3. The individuals disposed to avail themselves of this arrangement shall make application to the General Commanding in Chief, through the Military Secretary, according to the form annexed.

4. The sales to take place under the following restrictions, viz.:—

No person to be allowed to sell who has passed the age of sixty years, or who cannot produce a certificate from the Army Medical Department at Headquarters, or, if in a colony, the certificate of a medical board, or if no medical board can be assembled, the certificate of the Senior Medical Officer, showing that his retirement does not result from impaired constitution threatening earlier dissolution than a person of his age may expect in the common course of nature.

5. The price of the Commissions to be paid to the Officers selling out shall be the regulation price of the rank in which they retired, or such portion as their services may entitle them to, less the difference received by them between full and half pay.

6. It is to be understood that no Officer on the half pay list, who may hold a garrison situation, will be permitted to retain it if he should sell under this arrangement.

7. The time allowed for the operation of this regulation shall be limited to six months for Officers at home, and to one year for Officers residing in the colonies.

8. Officers selling their Commissions under this regulation will be granted the brevet rank to which they might be entitled had they been restored to full pay to sell in the usual manner, their names being retained as Retired Officers in the Army List accordingly.

9. As the funds at the disposal of the Secretary of State for War for this purpose are limited, the applications will be considered in the order in which they are received; and when the funds are expended, no further sales will be allowed.

10. Officers of Artillery and Engineers on the half pay list who may be desirous of availing themselves of the benefit of this regulation, so far as the provisions thereof can be made applicable to them, are at liberty to make application accordingly; but, as such Officers are not, under ordinary circumstances, eligible to dispose of their

GENERAL ORDER. No. 775.

*Horse Guards, S. W., 24th January, 1861.*

His Royal Highness the General Commanding-in-Chief having decided that the Subaltern Officers of the Royal Artillery shall pass an examination before being promoted to the rank of Captain, the same is notified for general information.

The examination of the Lieutenants of the Royal Artillery will be similar to that required of Officers of the Line, as laid down in the Queen's Regulations, paragraphs 72, 73 and 74, with the exception of the requirements of paragraph 10, page 73; a general knowledge of the evolutions of Cavalry and Infantry will suffice.

In addition to the foregoing, Lieutenants of the Royal Artillery will be examined as to their acquaintance with the more special duties of their profession, and the accompanying list of subjects is promulgated as a guide to the nature of the examination.

Every officer on becoming the 30th on the list of Lieutenants must be prepared to undergo the required examination.

## GENERAL ORDER, No. 775—continued.

An officer, however, who wishes to be examined at an earlier period may, after four years' service, apply for such examination.

Instructions will from time to time be issued from this Department to the General or other Officer commanding Districts or Stations to assemble a Board, to consist of three Officers, viz., a Field Officer (of the Royal Artillery, if possible), an Officer of the Staff and a Captain of Royal Artillery, or an Officer of that Corps who may have already passed the examination.\*

If it be impossible to obtain a Staff Officer, a Captain of the Line should be substituted; if a second Officer of Artillery cannot be had, an Officer of Royal Engineers should be substituted; but it must be understood that either the President or one member of the Board must be selected from the Royal Artillery.

That portion of the examination which can be best replied to in writing, will be conducted by means of questions prepared by the Deputy Adjutant General of Artillery at the Horse Guards, and which will be forwarded to the General or other Officer commanding.

The *viva voce* and practical examination will be conducted by the Board of Officers, who will satisfy themselves that the Officer under examination not only possesses the requisite knowledge himself, but that he is able to impart that knowledge in a clear and satisfactory manner to the Non-Commissioned Officers and Men under his command.

The Board will then forward (through the General Officer) their own report, together with the written answers, to the Adjutant General of the Forces; and, in returning to him the written answers, the President of the Board will certify them to have been the *bonâ fide* performances of the candidates and without assistance. The written papers will then be examined by the Deputy Adjutant General of Artillery at the Horse Guards, and the result, together with the opinion of the Board, reported to His Royal Highness the General Commanding-in-Chief.

By Command.

To General Officers Commanding Troops  
and Officers Commanding Royal Artillery.

JAMES YORKE SCARLETT,  
*Adjutant General.*

\* Either the Gunnery Instructor or the Firemaster should, when practicable, be selected for this duty.
